## More About The Kings Mountain Graded School.

In a letter last week to the INTERIOR JOURNAL J. W. Acton and M. G. Murphy made the following statement in regard to Kings Mountain Graded School: At a regular meeting of the board of trustees in May, when we retired as President and Secretary, Dr. Acton informed them that the tax had to be levied in June and that Murphy urged the secretary to see that the tax was levied in fiscal year. This was never put before the board in that way, but we were informed that we had plenty of time to levy the tax and all members of the board were willing to levy the tax at any time, but thought it not necessary to make the levy so early. We did not have a copy of the school law and failed to get one and were compelled to depend upon the retiring president and secretary, who did have the school law for information. In their letter they say they retired as president and secretary in May. Officers of the new board were not elected until the 4th day of June. In Murphy's statement he said he urged the secretary to see that tax was levied in fiscal year. On or about July 10th when Murphy was asked if he knew the time had passed to levy tax, he answered: "Yes, I knew it had to be levied in June but didn't think there was any use saying anything about it." We are sorry the tax was not levied but are willing to bear our part of the criticism and expect other members of the board to do the same.

W. F. LANE, President.  
W. B. SMITH;  
MORRIS WALL, Secretary.
